"The Electric Years"

Puget Sound Region VCCA History 1976 – 1980

Why the title? It seems appropriate to the writer because during the years 1976 to 1980 two landmark events solidified the membership of the Puget Sound Region as it grew in numbers and strength. The first was the National VCCA Fifteenth Anniversary Meet at Colorado Springs in 1976. The second was the first Northwest Meet the Puget Sound Region hosted at Port Angeles, Washington in 1979. Members of the Region supported these two events with infectious enthusiasm.

In 1976 the eight year old Puget Sound Region was well on its way to being a firmly established organization. We were meeting monthly, participating in local car related activities and numerous members were faithfully attending the yearly Centralia Fort Borst gatherings. Well before July of 1976 many Puget Sound Region members began to seriously plan on attending the 15th National Anniversary Meet in Colorado. This was a major undertaking for most because of the expense and distance. In late June of that year there were 16 families ready to undertake the trip. The journey to Colorado Springs was an epoch adventure for all. Some traveled with a group, camping enroute. The first night was spent at Kennewick and the second in Idaho at Three Island State Park, accompanied by a spectacular lightening storm. From there the group accidentally split. As we left Three Island, it was agreed to meet at the first rest stop in Utah not realizing there were very few rest stops in that state. (Continued on Page 5)

### **Yakima News**

Some members have found that the Meet headquarters motel in Yakima is no longer accepting reservations for Saturday night, the last day of the Northwest Meet. This message was received from the Meet Chair.—” *Yes, that is the good news and the bad news. However, directly across the street the Days Inn is still accepting reservations. Also, a few doors down the Pepper Tree Best Western still has rooms. We reserved 75 rooms for each night and 85 are already booked. There will be assigned parking spaces at the Clarion so those staying at other hotels will have parking spaces at the meet headquarters. Also, the hospitality room will be open most of the time we are not out touring so people can socialize. Since it is also "Sunshine and Wine" weekend, it is a very busy time in Yakima. It pays to reserve early.* “

## **April Garage Nite**

Another group traveled together using motels for lodging. Finally after many miles driven, with numerous adventures, all arrived for the Meet. Some had reservations at a campground in town not far from the headquarters motel not knowing that at 1:30 in the afternoon it rained every day. It was not uncommon for a river of rainwater to flow through tents and sleeping bags daily. This drove them to higher ground in a spot a little farther from town.

The events of the Meet, seeing Chevrolets from all over the country, places visited and above all the Pikes Peak climb in the old Chevrolets drove many Puget Sounders deeper into their enthusiasm for the hobby. Club members returned home even more enthusiastic and invigorated than when they left. The result of this experience was a desire to replicate the infectious nature of that event for our Northwest Meet at Port Angeles in 1979. The trip up Hurricane Ridge being reminiscent of the Pikes Peak climb. Members there still with us today include Dick and Fran Olson, Lee and Carol Folsom, Gary and Joanne Barquist, George and Phyllis Kowats and Jim Farris.

The 1979 Northwest Meet, organized by the Puget Sound Region, was the first held away from the bustling freeway. A decision had been made to headquarter there long before a big winter storm wiped out the Hood Canal Bridge. Even with that catastrophe the event proceeded. It was titled, "Olympic Mountain High". The small town nature of picturesque Port Angeles and Port Townsend provided an atmosphere conducive to our old cars, and there were many. Our Region added a day to the event and introduced, "The Pocket Schedule". A BBQ meal coinciding with the Judging event was added. The Tours to Port Townsend and the Wild Animal Farm were topped off by the climb to Hurricane Ridge on a rainy day. The Banquet at the Elks Club in downtown was festive with many participants dressed in vintage clothing. It was here we introduced songs with Chevrolet lyrics adapted to familiar tunes. Later, Jim Seiber gave them their name, "Car Tunes". The Region emerged from these two highly successful gatherings with a sense of euphoria, confidence, and enthusiasm convinced it had the strength in its membership to undertake anything.

During this period Mary Ellen Farris began to edit the Tappet Clatter. The Club had a ditto machine and the document was produced in the Farris basement. Later when copy machines became available the Folsom's acquired one. It was then produced at their home for a number of years. Mary Ellen enjoyed the writing that went with the job. Her efforts resulted in the newsletter being awarded a first place in 1979 and it has received accolades since.

## 2007 PUGET SOUND REGION BANQUET JANUARY 20, 2007

Sixty Puget Sound members were in attendance for the Annual Awards Banquet on January 20, 2007, at the Golden Steer, on the Kent East Hill.. This event has been an annual party for many years. There have been gatherings to award deserving members since the beginning but the format of a dinner with special thanks and recognition first happened in 1977 where

Banquet Crowd. Screen in foreground showing DVD's.

homemade inscribed plaques were distributed. The next few years second hand re-manufactured awards acquired at Thrift stores, Goodwill and St. Vincent De Paul made up the bulk of what was distributed. We've improved since then in both the quality of our awards and choice of dinner locations.

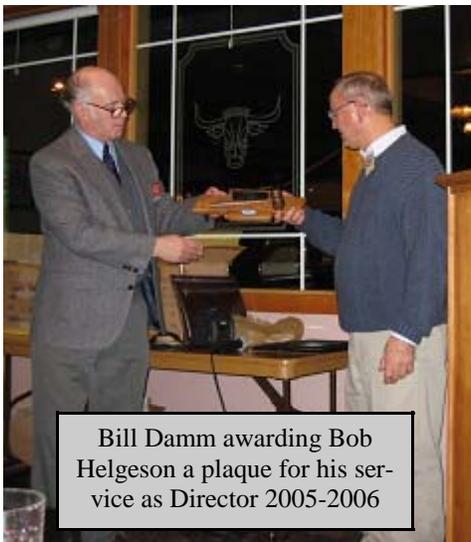

This year's affair was joyous, ener-

getic and fun as those in attendance chatted and relived activities of the past year. As guests were doing this, simultaneously DVD programs of 2006 events were shown on the screen before dinner. Later, the projector filled the screen with pictures of member contributors during the awards ceremony. Puget Sound contributing members were recognized with certificates and commemorative cups made especially for our 40th Anniversary year. The special "Director's Award" went to Dick Olson for his work the past three years with our ever popular "Garage Nites". Dick is the 28th member to receive the Award that was first given in 1979. Bob Helegson received a plaque commemorating

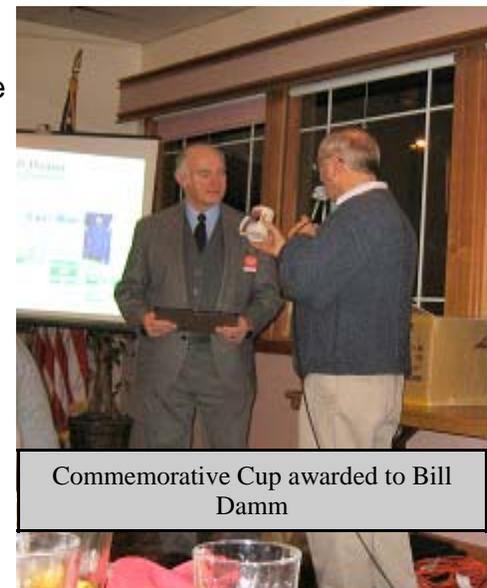

his two year service as Director of the Club during 2005 - 2006. George Kowats and John Strampher arranged the location and meal. Jim Mar-toza, Bob Helgeson and Bill Damm provided the programming. All went home looking forward to our 40th Anniversary... yet another Banquet in January 2008.

### **West Seattle Tour—Hills and Views of West Seattle**

**February 18, 2007**

**Nineteen cars and 39 people gathered at the Starbucks world headquarters building on First Ave in the SODO District on a cold, but non-rainy day to tour some parts of West Seattle. There were double the number of vehicles present than planned for by the organizer Jim Farris. The sunny Saturday before must have been a signal for so many to turn out on this, the first of our tours for the year.**

**Thinking there would be only a few cars, there were no instructions or maps printed for the affair. That was a mistake because the numerous stop lights split the group up. We recovered but some of the planned route was altered to accommodate the long string of cars.**

**Our first stop was Park T-107, a fairly new park along the Duwamish waterway where one can walk and see the river in its natural state. The second stop took us to Jack Block overlook, a magnificent**

**view of downtown Seattle. A picture was taken of the group by Jim Seiber as eagles soared overhead landing on an adjacent light pole. From there it was up hill to Hamilton View Park for a similar view of downtown but from a higher level. Down we went to water and back up again under the Admiral Way Bridge. Across the width of West Seattle we went and down Orleans for yet another great view of the sound. The tour finished at The Alki Log House Museum and a bite to eat at Pegasus Pizza on Alki. The participants seemed to enjoy the day out with friends. They were; Dave and Betty Roberts'41, Rod McCarthy '52, Dan and Jordan Johnson '78, Jim Farris with**

**daughter Rosemary and grandchildren Will and Caroline Lathrop '32 , Gerri and Dennis Johnson '33, Ana Maria and George Haley '38, Dick Jones '50, Al Howe and Mary Sawyer '55, Diane and Dave Haddock '77, Donna Onat '54, Bob and Florence Helgeson , Bill and Ann Damm, Rod and Evie Schein, Jim and Sue Seiber, Bob and Mary Gail Stamnes, John Strampher and Edna '79, Don and Sallie Comstock, Jerry and Mary Brownell, Jim and Gayle Darby, and Jim and Roberta Martoza with their dog Indy.**

**The turn out was great, the weather was chilly at times, but a nice winter day. The people were congenial as they all took in the magnificent views of the Sound and downtown Seattle. What a great turn out for the first Tour of our 40<sup>th</sup> year.** (Pictures of group on Page 4)

## From the Glove Box

### Radiators, Rebuilders and Referrals

By Al Howe

In the February Glove Box I talked about having the radiator off my 27 repaired by Bud Burns: the end result is that he did an outstanding job. He had to fabricate a new bottom pan and it works great. I now have twice the cooling capacity. Now if you need a starter or generator worked on, I would highly recommend The Rebuilder in Kent. Phone: 253-854-0671. He has helped me many times with my 6 volt problems. If there is nothing wrong he will not charge you for a repair that did not happen. He stands behind his work. He also works on 12 volt systems and alternators. If anyone has a lead on a good place to have brakes done I would be glad to put that in the Tappet Clatter as well.

Bud is talking of retiring, but he may be doing some work at his home in the future as a hobby. I hope so. I would like to see a "referral" column in the Tappet Clatter for places like Bud's where we can go for help on things like brakes, motors, etc. What do you think?

Al Howe

*Editors Note. A service like this would be a great value to members and could easily be printed in the monthly Tappet Clatter. All that is needed are the referrals. If each member let us know about good service they received we could have a wonderful feature for this publication. Tell us What, Where, Who and a contact number.*

*We need car-related issues to discuss in this feature. It helps our Club members with their cars as well as providing a opportunity for others to learn more about their Chevrolets. Contact Al Howe by phone or e-mail with any questions you feel might be included in the Glove Box. You can email Al Howe at [deahowe@earthlink.net](mailto:deahowe@earthlink.net) or Jim Darby at [jdarb@worldnet.att.net](mailto:jdarb@worldnet.att.net). Former Glove Box columns are now included on our web site.*
