Bill Damm's SAFETY CORNER

The big yellow buses,
Are on the road again,
Meaning summer is over,
How short it has been.

When lights are flashing,
Just stop and wait,
Until they go out,
And keep the kids safe.

Garage Nite at Tony Zimmerman's

By Glenn Landguth

Club members and friends converged on Tony Zimmerman's garage on the evening of August

1909 Mitchell Model K

10. It was a perfect evening with the weather cooperating and Tony had put out signs to direct us to his garage, which is most easily accessed from the back side of his property. Tony collects both cars and license plates, which hang from the ceiling (the plates that is).

Tony is a dentist. He operates a clinic on Camano Island, commuting several times a week. When they first moved to their present house off of Juanita Drive, their intention was to someday move to their dream house. As the years went by, they decided that this is that dream house. Thanks for sharing the dream.

Garage Nite - by Dick Olson

Oct. 19th Garage Nite (date changed to THIRD WEDNESDAY this month only) will be at club member Kent Sullivan's shop in Kirkland, 6:30 PM, phone number, see mailed or emailed Tappet Clatter.

Direction removed, see your mailed or emailed Tappet Clatter.

The entrance is at the very end of the street (it's a dead end). There is a black iron fence on the left (east) side. Look for the "Corvair Lane" sign. People should feel free to pull inside the gate - there is as much or more room to park inside on the property than outside, because the cul-de-sac is fairly small.
